

Senior students who are on track to meet the requirements for a diploma may be dismissed early from school during first and second terms. The following guidelines must be followed:

- The student will provide either documentation of enrollment in a postsecondary institution or a letter from an employer verifying employment.
- A permission form requires signatures from the student, parent, counselor and principal.
- Students must have passed all portions of the Alabama High School Graduation Exam.
- Students may leave after second block or third block.
- Students may not return to the school campus during regular school hours. However, students may return after school to participate in extracurricular activities.
