

Oxford City Board of Education

310 2nd Street East
Oxford, Alabama 36203

To: Parents of Oxford City School Students

We are proud to announce that students in Oxford will have the opportunity to obtain an Alabama Virtual Library Card at their school. This card allows access from home rather than just limiting its use to school. In the past, these cards have only been available through the public libraries. Any student who already has a card does not need to obtain a new one.

What is the Alabama Virtual Library? It is an on-line library funded by the Alabama Legislature and the Education Trust Fund available free of charge to all citizens in Alabama. The AVL contains a wide range of materials including encyclopedias, databases, and web sites on history, science, math, and language. Students and adults of all ages may find information for research papers, projects and answers to questions. This information can be accessed using the password issued when you get an AVL card by using online computers from any location. You must have Internet access to use the Alabama Virtual Library.

Oxford City Schools will issue cards the first Monday in each month beginning in February. Cards will not be issued during the summer. The AVL cards issued at the schools will expire one year from the date issued. However, opportunity will be given to students to renew their card at that time.

If you would like for your child to have an AVL card: please fill out the following information and return it to your child's homeroom teacher.

First Name _____

Middle Initial _____

Last Name _____

Present Grade _____
