

PQR2ST+

WHAT IS THIS???

PQR2ST+ is a note-taking and study method that can be used by the individual student when learning new information.

DIRECTIONS:

PREVIEW

Title, introduction, subtitles, pictures, charts, maps, graphs, bold print & italics, summary, end questions

QUESTION

Write a subtitle-related question on left side of 2-column notes.

READ

Read silently from the subsection, thinking about how you will summarize the passage in your own words

REMEMBER

Summarize into 2-column notes in your own words *with book closed*

SCAN

Rapidly go over the same subsection of text, looking for missed details or errors in your first summarization

TOUCH-UP

Add any important details to your notes, like the answers to your questions.

+

Go back and study your notes within the SAME day, the NEXT day, and again the day BEFORE the test or quiz
