

## VIRTUAL FIELD TRIPS

Check “Links” for more sources!

- <http://www.cilc.org> – Center for Interactive Learning and Collaboration. You can search for many of the existing VFTs here (as well collaborations).
- Why use them? To do things that aren’t possible in the classroom (i.e. witness an autopsy, ask a paleontologist about fossils in Canada that she just dug up).
- How much do they cost? Federal government VFTs are usually free. Most other providers charge \$100 - \$125
